## **Illinois Reading Council International Grant**

The International Committee of Illinois Reading Council has created a grant to promote international literacy. There are many projects and ventures that councils have proposed to promote literacy. This grant will help alleviate the cost of these ambitious projects.

This grant is designed to fund international literacy projects. Studies indicate that poverty levels and literacy rates are inversely proportional. By supporting our international community in the areas of literacy, it in turn improves our universal society. Illinois Reading Council wants to support these efforts.

The situations, programs, and possibilities that could benefit from this grant are endless. Our committee is hoping that your council will add this cause to your outreach list. We eagerly await your ideas.

The Guidelines and Application Forms are attached. The maximum amount per grant is \$1,000. The amount awarded for each grant may be less than the amount requested. Application deadline will be May 1, 2012. Grants will be awarded for the fiscal year ending June 30, 2013. Awards will be announced by July 1, 2012.

Awards will be reviewed in a blind selection process and scored on a criteria rubric. If there are any identity-revealing references in the text of the grant application, the grant will be immediately disqualified. For more information or application form requests:
