

FOLDABLES:

Three dimensional, student and teacher made interactive graphic organizers that reinforce skills and strategies in all K-12 subject areas.

FEBRUARY 9

6:00 TO 8:00 P.M.

LIBRARY'S LARGE MEETING ROOM

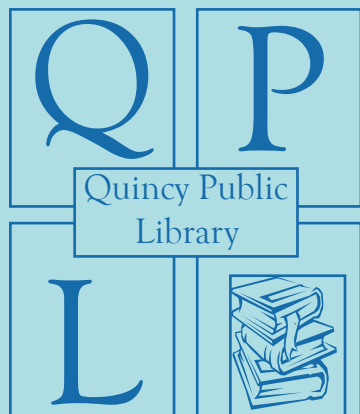

Teachers and Parents: Come learn refreshing ideas to support your child or students. These interactive organizers can help children and teens better comprehend information. At this hands-on workshop, participants will learn various techniques and make foldables with Professor Ronda Brown.

Foldable activities can be used for alternative assessment.
