

# THE SNOWY DAY

by Ezra Jack Keats

*Peter's feet went crunch, crunch, crunch in the snow.  
He walked with his toes pointing out  
He walked with his toes pointing in  
Then he dragged his feet s-l-o-w-l-y to make tracks  
And he found something sticking out of the snow that made a new track*

Look in the newspaper for:

- things that make noise.
- a person or an animal that would make tracks in the snow
- something that moves s-l-o-w-l-y
- the name of a winter month

Use the weather map in the newspaper to locate:

- a symbol for snow
- a symbol for ice
- a symbol for rain
- a symbol for flurries
- a symbol for sunshine
- a symbol for thunder storms
- the coldest temperature in your state
- the warmest temperature in your state
- find a city in your state where the snow would not melt
- how many inches of snow has fallen this month
- a weather word

What new activities can you plan with your family to do on snowy days?  
Look in the newspaper for some great ideas.
